

*How they soften,
sink*

*White reflections on rectangles,
See-through noises
See-through places*

*Touching grabbing
Sifting through
Looking very closely
They are looking very closely at us*

*Any bruised
Any snapped
Any starting to
Any off
Any old
"If that thumb squeezes down into me again"
"Sorrriyeeee!"*

*Sorry, sorry, Sorry, soooooo, SORRRRY, soory, sorry, sorry again, I'm sorry!!
Im sorry!
How many times, how many times?!
Sorrriyeeeeeeeeeeeeee,
Sorry, nah you can just fuck off now, aahhh sorry, nah now your just doing it on purpose
Sorry about that, you know that I'm actually sorry,
Stop squishing into me!
Can't help it!
Hahaha I'm not sorry I like this!
We knooooooowwwwwww*

Seriously over today

*take me out on to your bench
take me out of this see through place*

*"Looks like your losing your green"
"Now were never gonna get picked"
"don't be like that"*

*"You know there's some people out there that don't give a shit what we look like, what's important about us is what we are made of and do."
"How do you keep your green so good?"
"Honestly, just trying to stress less, and go with it."
"I'm trying to do that, but I can't do it for anymore than 15 minutes"
"Yeah same"*

*"Like what am I supposed to do?
In the night times,"
"Sleep"
"I mean the time before I go to sleep"*

"Sounds like a you problem"
"Gosh I hate it when you say that"

"You know that its really a we problem"

*"No its a multiple 'you' problem,
Can you just deal with it by yourself"*

"I can't anymore

I need space

I need a certain space

That is only made of me and for me"

*"Okay, you have to make do with the space that you have
Just start off with a small bit of space and focus on it"*

"Like what do you mean?"

*"Well I mean just think about the space on your bottom end,
Where the end of you does a little lick, but not the tip of the lick but the little curve that occurs
before it,*

See I personally find that tiny line beautiful, a small softness before I end"

"Mine isn't as big as yours"

*"That doesn't matter, perhaps, you don't feel in lines, perhaps in textures
I can see a little bulge, on the other end of your self,
Is it firm or soft?"*

"It's soft on one edge and the other is more firm"

Just think about that combination of the two

And how they move together

And how they move slightly, smoothly, firmly,"

*and they soften,
sink*
